

Mission Statement

Stephenson Studio School's mission is Excellence and Enterprise in Learning. To support our mission we endeavour to help our young people develop a thirst for learning and by so doing, help them to become confident people who have all the necessary skills and attributes to enable them to succeed from age 14 into adult life. Our unique provision equips young people with key employability skills through 1:1 bespoke personal coaching, relevant work placement and carefully selected qualifications. We are resolute in our aim of developing the 'whole' person to enable our young people to successfully continue onto the next phase of their lives. Our trustees and studio school staff play a leading role in the educational provision, this is supported via our sponsor, Stephenson College.
