Stephenson Studio School will support pupils to read and understand the acceptable use policies in a way which suits their age and ability by:

- informing pupils that network and internet use will be monitored for safety and security purposes and in accordance with legislation.
- providing e-Safety education and training

Vulnerable Pupils

Stephenson Studio School recognises that some pupils are more vulnerable online due to a range of factors. - recognise the expertise staff build by undertaking safeguarding training and managing safeguarding concerns and provide opportunities for staff to contribute to and shape e-Safety policies and procedures.
- make staff aware that our IT systems are monitored, and that activity can be traced to individual users; staff will be reminded to behave professionally and in accordance with our policies when accessing our systems and devices.
- make staff aware that their online conduct outside of the setting, including personal use of social media, could have an impact on their professional role and reputation.
- ensure all members of staff are aware of the procedures to follow regarding e-Safety concerns affecting pupils, colleagues or other members of the community.

-

Awareness and Engagement with Parents/Carers

Stephenson Studio School recognises that parents/carers have an essential role to play in enabling children and young people to become safe and responsible users of the internet and associated technologies.

We will build a partnership approach to e-Safety with parents/carers by:

REDUCING ONLINE RISKS

Stephenson Studio School recognises that the internet is a constantly changing environment with new applications, devices, websites and material emerging at a rapid pace.

We will:

- regularly review the methods used to identify, assess and minimise online risks.
- examine emerging technologies for educational benefit and undertake appropriate risk assessments before use in the school is permitted.
- ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that users can only access appropriate material.

Due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via the school's computers or devices.

All members of the community are made aware of the school's expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images, or videos which could cause harm, distress or offence to members of the community.

The IT Support Manager (SMB group) will manage the configuration of the filtering system to ensure that it is appropriate, effective, and reasonable.

The school will report any online material it believes to be illegal to the appropriate agencies.

Decision Making

The SMB group's IT Support Manager has ensured that the school has age and ability appropriate filtering and monitoring in place, to limit pupil exposure to online risks.

The SMB group's IT Support Manager is aware of the need to prevent "over blocking", as that may unreasonably restrict what can be taught, with regards to online activities and safeguarding.

Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the Leadership Team; all changes to the filtering policy are logged and recorded.

The Leadership Team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.

All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard pupils; effective classroom management and regular education about safe and responsible use is essential.

The filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.

If pupils discover unsuitable sites, they will be required to report their concern to a member of staff. The member of staff will report the concern (including the URL of the site if possible) to the DSL and /or the IT Support Manager and the breach will be recorded and escalated as appropriate.

Parents/carers will be informed of filtering breaches involving their child.

PROCEDURES FOR RESPONDING TO SPECIFIC ONLINE INCIDENTS OR CONCERNS

Online Sexual Violence and Sexual Harassment Between Children

Our school has accessed and understood 'guidance of 'Keeping Children Safe in Education' 2022.
The school recognises that sexual violence and sexual harassment between children can take place online. Examples may include non-consensual sharing of sexual images and videos, sexualised online bullying, online coercion and threats, unwanted sexual comments and messages on social media, and online sexual exploitation. Full details of how we will respond to concerns relating to sexual violence and sexual harassment between children can be found within our Behaviour, Safeguarding and Anti-bullying Policies.

The school recognises that the internet brings the potential for the impact of any sexual violence and sexual harassment concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities.

The school also recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.

The school will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment between children by implementing a range of age and ability appropriate educational methods as part of our PSHE curriculum.

We will ensure that all members of the community are aware of sources of support regarding online sexual violence and sexual harassment between children.

We will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.

If made aware of online sexual violence and sexual harassment, we will:
- Immediately notify the DSL and act in accordance with our Behaviour, Safeguarding and Antibullying Policies
- If content is contained on pupils' electronic devices, they will be managed in accordance with the DfE 'searching screening and confiscation' advice
- Provide the necessary safeguards and support for all pupils involved, such as offering specific advice on blocking, reporting and removing online content, as well as providing appropriate counselling/pastoral support.
- Implement appropriate sanctions in accordance with our behaviour policy.
- Inform parents/carers, if appropriate, about the incident and how it is being managed.
- If appropriate, make a referral to partner agencies, such as Children's Social Services and/or the Police.
- If the concern involves children and young people at a different educational setting, work in partnership with other DSLs to ensure appropriate safeguarding action is taken in the wider local community.
- If a criminal offence has been committed, the DSL will discuss this with NW Leicestershire police first to ensure that investigations are not compromised.

We will ensure that all members of the community are aware of sources of support regarding youth produced sexual imagery.

We will respond to concerns regarding youth produced sexual imagery, regardless of whether the incident took place on site or using school provided or personal equipment.

We will not:

- send, share, save or make copies of content suspected to be an indecent image of a child (i.e. youth produced sexual imagery) and will not allow or request pupils to do so

If made aware of an incident involving the creation or distribution of youth produced sexual imagery, we will:

- make a referral to Children's Social Services and/or the Police, as deemed appropriate.
- provide the necessary safeguards and support for pupils, such as offering counselling or pastoral support.

- delete images only when the DSL has confirmed that other agencies do not need to be involved; and are sure that to do so would not place a child at risk or compromise an investigation
- review the handling of any incidents to ensure that best practice was implemented; the Leadership Team will also review and update any management procedures, where necessary

The school will ensure that all members of the community are made aware of the possible consequences of accessing Indecent Images of Children (IIOC).

We will respond to concerns regarding IIOC on our equipment and/or personal equipment, even if access took place off site.
